

Calves Lodge Wood is a secluded and diverse woodland offering excellent access throughout the site, situated on the outskirts of Tunbridge Wells.

The woodland benefits from a hard access track that runs around the western, northern and eastern boundaries. A private track also extends east to west through the centre of the woodland, providing easy access to the main camp area.

At the heart of the site is a large fenced clearing, creating an ideal gathering space with a fire pit and plenty of room to enjoy evenings around the campfire. The clearing also features a sturdy storage shed, a toilet, a small caravan and a useful trailer, all included in the sale.

The woodland is broadly divided into two distinct character areas. The southern section is predominantly Scots pine, while the northern half is characterised by impressive veteran oak trees. A rich variety of other species can be found throughout the wood, including Norway spruce, birch, sycamore, ash, hazel, sweet chestnut, beech and occasional yew. The wider woodland is designated as Ancient Replanted Woodland (PAWS), with abundant bluebells in spring providing a striking reminder of its ancient woodland heritage.

The terrain is generally level, making the woodland easy to explore on foot. A seasonal pond in the south-west corner attracts a variety of wildlife, including muntjac and roe deer, adding to the site's natural appeal.

Whether you are interested in woodland management, recreational use, or simply escaping into nature, Calves Lodge Wood offers an excellent opportunity to enjoy a peaceful and well-equipped woodland setting.

Despite its tranquil atmosphere, the woodland is conveniently located. Both Tonbridge and Tunbridge Wells are just a short drive away, while the nearby A21 provides easy access to London in around an hour.

Ward is Pembury & Capel and the County Council is Kent.
